

## CENTRAL INDIANA ASSE CHAPTER NEWSLETTER

*March 2018*

I am excited to tell you that the number of Central Indiana Health and Safety Professionals enrolled as members in our chapter has risen to 522! This is the highest our census has been in some time. The purpose of our Society is: *To promote the advancement of the safety profession and foster the professional well-being and development of its members.* By attaining the level of a 500+ member chapter, we have the reach, and resources, to fully live up to this commitment. Through talking with officers from other chapters, I realize our Chapter's organized activities, meaningful training topics and professional involvement opportunities are recognized as excellent by the OHS community around the nation. I hope each of you are taking full advantage of professional career enhancement and personnel enrichment advantages created by our Chapter's success. See you at a Chapter meeting soon!

- Chet Brandon, CSP, CHMM  
Central Indiana ASSE Chapter President

**Join us** for the 6th Annual Central Indiana ASSE Chapter Scholarship Golf Outing on July 27, 2018! We are currently accepting registration for participants and actively seeking sponsors. [Click here](#) for more information. We hope to see you there!

### Chapter News

#### Vote Results for Amendments to Chapter Bylaws

This past August, ASSE members made the historic decision to change the organization's name to the American Society of Safety Professionals.

ASSE members voted to amend Society bylaws to reflect the new name. As a separately incorporated entity, our chapter held a separate chapter member vote to change the name in our bylaws, as well.

The plan was to conduct the vote at the February 16th chapter meeting; however, there were not enough chapter members in attendance. Because of this, an electronic vote was conducted and the motion to change the name in our bylaws was passed.

To learn more about these changes visit [Changes to Chapter Bylaws](#).

#### CIASSE Offering a New scholarship to High School Students Interested in Safety Careers

New this year, CIASSE is offering up to two \$1000 Scholarships for High School Students interested in a Safety Related Career. **Click Here** to access the application for you to share with the seniors you may know or even your local high school. **Click Here** to access the ASSE brochure on safety careers, which would be great to accompany with the application. Please let them know that CIASSE is the Central Indiana Chapter of the American Society of Safety Engineers. This national organization will soon have a name change to the American Society for Safety Professionals. Most members are not engineers. One of our board members would be glad to provide a Q&A for a class, a group of students, teachers and/or counselors at a high school if they are interested. For more information on this scholarship [Click Here](#) and to obtain a copy of the application [Click Here](#).
