"Being a member of an ASSP Student Section is the most valuable and rewarding decision a student in an occupational safety related major could make. ASSP allowed me to make professional connections, interact outside of the classroom with classmates, attend professional conferences and plant tours, and apply for ASSP scholarships. Finally, potential employers expect candidates to have ASSP on their resume. ASSP is a professional membership that can be a continual asset to your education and career."

Alex Dus
Safety Engineer
Honda of America Mfg.
IUB Section President 2013-2014
M.S. Safety Management '14

Student Member Benefits

American Society of Safety Professionals

ASSP will elevate your career status, give you the knowledge, tools and resources to improve your company's safety performance and make you part of a global community of over 37,000 SH&E professionals advancing the safety profession.

- Read the Best** – Students receive a free digital subscription to Professional Safety Magazine.
- Build your Network** – Membership offers you the opportunity to build professional relationships with over 38,000 OSH&E professionals including over 3,000 students. The annual *Future Safety Leaders Conference* is a great opportunity to connect with peers, SH&E professionals and representatives from SH&E employers.
- Earn a Scholarship** - Apply for over \$370,000 in available annual grants and scholarships through the ASSP Foundation. Scholarships are available to students pursuing occupational safety, health and environment and closely related degrees both at the undergraduate and graduate level, with 116 scholarships awarded last year. Through the ASSP Foundation, the Central Indiana Chapter annually provides one \$3,000 scholarship and two \$1,000 scholarships. Students in Indiana studying occupational health and safety programs have the first priority in receiving these scholarships. The Central Indiana Chapter also organizes an annual scholarship golf outing to provide additional \$1,000 scholarships awarded locally.
- Expand your Education** - Enjoy discounted member pricing on the best professional development in SH&E including certification preparation workshops, the Professional Development Conference & Exposition, and the **Indiana Safety & Health Conference**. Also participate in monthly webinars FREE to student members.
- Enhance Leadership Skills** – Attend the Future Safety Leadership Conference, a two day event designed to help ASSP Student Members transition from student life to employment in the SH&E profession.
- Student Member Discounts** – Enjoy membership discounts on ASSP publications such as books and standards, industry products through our affinity program and more.
- Graduation Gift** – Upon graduation, students are upgraded according to the graduation date provided to ASSP upon joining, to Associate Member status for one year free. (a \$200 Value)
