February Newsletter

PRESIDENT'S MESSAGE

The annual Indiana Safety & Health conference is upon us! If you have not registered yet there is still time and walk-ins the day of are welcome. I love the energy and enthusiasm of our conference. It is so fulfilling to see and be part of the vibrant OSH community that we have in Indiana. The learning opportunities are excellent and the networking with colleagues, coworkers and friends is warm and inviting.

I want to focus on the networking for a minute. How can you get the most out of this opportunity to network? Let's begin with your mindset: start the conversation with the idea that you're getting to know someone for the mutual benefit. Take a genuine interest in their story. You will have time to share yours. Don't self-limit yourself by talking only to those you already know or others similar to yourself. Seek out new faces, allied industries and professions along with the speakers from other parts of the country. Once you have forged a new connection make sure you keep it alive. Connect on LinkedIn and share ideas, ask questions and give advice to your connections. A healthy network is key to career success, mobility, and fulfillment.

Ok! Let's get focused on the conference! I look forward to renewing existing relationships and making new connections when we gather at the Indiana Conference Center later this month! Together, we will make this conference the best on yet!

Chet Brandon

CIASSP Chapter President

CHAPTER NEWS
