# March Newsletter

## PRESIDENT'S LETTER

Since my last article in the February Newsletter much has happened in our chapter. We had a very successful 2019 S&H Conference. We are still getting the final numbers but the attendance was very strong and I expect we will surpass the previous record. Our fellow Chapter Member Frank Baker was awarded the Safety Professional of the Year Award for our chapter. We gave away more scholarships from our Chapter local scholarship program than ever before totaling \$5,000, including the Purdue Environmental and Occupational Health Program for the first time. The Purdue program has agreed to begin a student section which is planned to be up and running by the Fall of this year. Also happening are the elections for both the [Society level positions](#) and our Chapter positions. The Secretary, Treasurer, and Vice President positions are all open for candidates to run. If you have interest, please contact me. The Chapter elections will occur next month.

And there's more! You are part of a very dynamic Chapter! I am out of room here, but I'll confirm the Chapter is running smoothly and ready for the Spring activities. There are plenty of opportunities to get involved and that is where you get the most value out of your membership. I hope to see you at the next Chapter meeting!

Chet Brandon  
CIASSP Chapter President
