

CENTRAL
INDIANA
CHAPTER

August Newsletter

PRESIDENT'S LETTER

CI ASSP Members,

Although our Central Indiana chapter doesn't meet in July & August, we still have a lot of activity happening and updates for you. We will see many of you at our 7th Annual Scholarship Golf Outing next Friday (8/2) at West Chase Golf Club. There is still time to register or sponsor.

Safe+Sound week is Aug 12-16th. This year's event is designed to "celebrate the successes of businesses that have implemented safety and health programs in the workplace." Employers of all sizes and from all industries that seek to recognize their commitment to the safety of workers, customers, the public and supply chain partners are encouraged to participate.

If you are interested in speaking at the 2020 Indiana Safety & Health Conference, please note the Aug 1st deadline for all submissions. <https://www.insafetyconf.com/speakers/>. We are excited to begin preparation for this annual event!

Our local chapter strives to provide face to face opportunities for education and networking. In the upcoming weeks, we look to generate new sub committees that will focus on important initiatives such as:

1. Construction Industry Focus
2. Community Outreach / Philanthropy

3. Membership Engagement
4. Women in Safety Excellence (WISE)
5. Young Professionals
6. Program & Event Planning

This is a perfect opportunity for any active member to volunteer some of their time towards sub committees that you are passionate about. If you are interested in learning more about how you can volunteer in a committee, please reach out to me directly, Jeff.Fox@Corteva.com. I'd be glad to talk with you.

I hope each of you enjoy the rest of your summer. Stay cool out there in this July/August weather.

Jeff Fox, CSP, CET – Chapter President
Central Indiana Chapter ASSP

CHAPTER NEWS

CIASSP DONTATION TO ST. VINCENT DE PAUL

Jeff Fox (CI ASSP President) and Al Capuano (past board member) presenting Jeff Blackwell of St. Vincent de Paul with 143 high visibility safety vests to be used by the homeless members of the Indianapolis community. These individuals often need to ride their bikes to and from work or job interviews during the dark hours of the day.

CIASSP is asking for any member to donate goods (especially bicycles) to mission27resale. All profit support the homeless members of the Indianapolis community. Items can also be picked up by calling 317-687-1006.

<http://www.mission27resale.org/>

OSHA'S SAFE + SOUND WEEK: AUGUST 12-18, 2019

Safe + Sound Week is a nationwide event held each August that recognizes the successes of workplace health and safety programs and offers information and ideas on how to keep America's workers safe.

Visit <https://www.osha.gov/safeandsoundweek/> for more information on how your organization can participate!

2020 INDIANA SAFETY AND HEALTH CONFERENCE & EXPO

ASSP of Central Indiana and the Indiana Chamber are now seeking qualified speakers for the [2020 Indiana Safety and Health Conference & Expo](#), February 24-26, 2020, at the Indiana Convention Center in downtown Indianapolis. This year's conference theme is "Focus on Safety."

Please note: if you are interested in submitting a **KEYNOTE** please email the presentation description and title, as well as your speaker requirements, to me directly at jgeorge@indianachamber.com. The CFP form is for breakout/technical sessions only. [Access the CFP form here.](#)

Sponsorships and exhibit spaces are available for the conference. [View sponsor prospectus here.](#) You may also contact Jim Wagner at jwagner@indianachamber.com or (317) 264-6876 for more info

LOCAL HIGH SCHOOL GUIDANCE DEPARTMENT INQUIRY

The Central Indiana ASSP Chapter is currently inquiring for contact information for guidance departments at local Central Indiana High Schools. We are looking to obtain assistance in planning informational presentations to be given by Central Indiana Chapter ASSP members to high school juniors/seniors on the safety profession and avenues those interested can pursue. Furthermore, any Central Indiana ASSP Chapter member that has the opportunity to present to a local high school group such as a church group, robotics club, 4H club, band, choir, career fairs, etc. should reach out to the below chapter contact who will provide you with to distribute regarding the safety profession and high school scholarships available. All interested parties or those who may be able to provide assistance in obtaining contact with local high school guidance departments should contact Ginger Dayton via the below contact information.

Ginger Dayton - ginger.dayton@atipt.com

MYPUBLICHEALTHDIRECT.INDIANA.EDU

INDIANA UNIVERSITY

SCHOOL OF PUBLIC HEALTH

Bloomington

One-Day Lab Ergonomics Course

INDIANAPOLIS, IN (RMS SAFETY, 8227 NORTHWEST BLVD STE 230)

AUGUST 30 | 8:00 AM – 5:00 PM

This one-day workshop focuses on ergonomics specifically for laboratories. The content focuses on:

1. Risk determination/identification
2. Risk assessment
3. Solutions/mediation

You will learn to identify ergonomic hazards and assess risks associated with them. By becoming adept at determining the prudent practices, protective facilities and equipment necessary to minimize the risk of ergonomic hazards, you can improve employee comfort, productivity, job satisfaction and reduce the likelihood of injuries.

Two-Day Lab Safety Short Course

INDIANAPOLIS, IN (RMS SAFETY, 8227 NORTHWEST BLVD STE 230)
AUGUST 28-29 | 8:00 AM – 5:00 PM

Suggested Lodging:
Hampton Inn
5860 W 73rd Ave.
Indianapolis, IN 46278

Thousands of scientists, safety professionals and educators in 30 countries have attended this lab safety course. Drawing on 40 years of experience, this two-day course digs deep into what makes an effective lab safety program, opening eyes with safety fail stories you won't forget. The "real-world" approach to lab safety provides industry-tested best practices to reduce the likelihood of injury, illness, accidents (and resulting lawsuits). You'll walk away with an actionable list of simple, inexpensive (even free) things you can do to develop or improve your lab safety program and to comply with the OSHA lab standard.
