

CENTRAL
INDIANA
CHAPTER

October Newsletter

PRESIDENT'S LETTER

Greetings CI ASSP Members,

Can you believe it that October is almost here? Summer came and went. Fall is here. Our Central Indiana Chapter took July & August off from regularly scheduled chapter meetings. We started back with a bang. Our September chapter meeting brought in a record 45 total attendees. I applaud your commitment to taking time out of your work schedule to come out to a meeting to network with industry peers and to sharpen your knowledge. Let's keep this momentum going! We are pleased to welcome Indiana OSHA to provide an update on the current status and new initiatives of the Indiana OSHA program. We hope to see you on October 18th. Don't forget to RSVP at <https://centralindiana.assp.org/event/>

As safety professionals, our daily actions help protect the wellbeing of the US workforce. Why not take that one step further into our community? Our chapter is looking for ideas to donate much needed items (food/toy drive, household safety items, etc) to the less fortunate members of our community. In addition to donations, we are looking for a venue that would allow our members to donate some of their time in an organized service event. Please reach out to me with any suggested donation ideas and volunteer events.

Thanks for all that you do! Let the leaves fall!

Jeff Fox CSP, CET – Chapter President
Central Indiana Chapter ASSP
Jeff.Fox@Corteva.com

CHAPTER NEWS

CHAPTER LONG SERVICE AWARDS:

FUTURE LEADER SCHOLARSHIP APPLICATIONS DUE 12/1/2019!

The 2019 Future Leader Golf Outing was a huge success with over 30 teams and multiple sponsors. The proceeds from this outing will be awarded as university scholarships for Central Indiana ASSP Chapter student members (ISU, IU, Purdue). The application is available for download on the left hand side under **Section Documents**. Completed applications are due by December 1, 2019 and must be sent to centralindianaasse@gmail.com.

HIGH SCHOOL STUDENT SCHOLARSHIP APPLICATION for SAFETY RELATED CAREERS DUE 3/1/2020!

The Central Indiana ASSP Chapter is currently inquiring for contact information for guidance departments at local Central Indiana High Schools. We are looking to obtain assistance in planning informational presentations to be given by Central Indiana Chapter ASSP members to high school juniors/seniors on the safety profession and avenues those interested can pursue. Furthermore, any Central Indiana ASSP Chapter member that has the opportunity to present to a local high school group such as a church group, robotics club, 4H club, band, choir, career fairs, etc. should reach out to the below chapter contact who will provide you with to distribute regarding the safety profession and high school scholarships available. All interested parties or those who may be able to provide assistance in obtaining contact with local high school guidance departments should contact Ginger Dayton via email - ginger.dayton@atipt.com.

MEMBERS:

We would like to give companies and organizations an opportunity to sponsor some of our upcoming meetings. Please let us know if you are interested. By sponsoring a meeting, your company's logo will be included in all advertisements for the meeting and a company representative will be able to start the meeting with a brief overview and/or update of your company.

There is no direct cost for the sponsorship itself, but sponsors must provide lunch for all attendees. If you are interested, please email our Programs Chairman (Kevin Beswick) at kevinb@rms-safety.com. Please note that sponsorships will be assigned on a first-come, first-serve basis.

PREP COURSE IN INDIANAPOLIS!

RMS Safety has teamed-up with a peer consulting group to produce a dynamic course designed to prepare students for all four (4) of the certifications listed above!!

You might be asking... how can one course prepare someone for all four exams? Here's how... a large majority of the content is the same! This course will focus on the universal content, basic necessary math skills, and give students study guides and practice tests relative to each specific exam.

How long does a course like this last? While some courses stretch the content and last 4-days, our content will be thoroughly covered in 2-days. That's half the time spent in the classroom and away from work!

Has this course been taught before? Yes, many times! Our instructor (who has successfully completed all four exams himself) has taught this course many times.

What kind of feedback have students given? Here are a few client testimonials:

"Thus far, 100% of the candidates passed the test. We are absolutely thrilled with the outcomes for these safety professionals!" " **BL Harbert International**

"Thank you for preparing me for the BCSP exam; this is the best class I have ever taken! Again, thank you for everything, I passed!" " **Abel Construction**

"Thanks for a great class!!! I recommend your workshops to anyone and everyone, and I passed the first time!" " **Walsh Construction**

- **November 14-15, 2019**
- **8am – 4pm**
- **\$650 Per Student**
- **Limit 25 Students!**
- **leah@rms-safety.com**

FOCUS on SAFETY
