## PRESIDENT'S LETTER

Greetings!

As we enter Fall, it represents a time of change. As a Chapter, we are continually in a time of change. There are a lot of exciting things going on. One area that we are working on is developing a hybrid meeting format.

One of our ongoing chapter goals is to give back to our community. This year, we are looking to partner with Wheeler Mission. I am super excited about this opportunity. With our partnership, they are offering us opportunities to directly service with people that they help and a couple of opportunities to serve in other areas that they tell me are critical for them. Please let me know if you would like to participate in this.

We have been collaborating with our student sections. Recently, we had our first ever meeting with our three student sections together. It was great to see the different groups share how they operate.

Everyone has been continuing to work hard behind the scenes on the conference. We are super excited to have the opportunity to come together. If you have not registered, please register.

We look forward to seeing you at our monthly meetings.

Respectfully,

Greg Anderson  
President, Central Indiana Chapter  
American Society of Safety Professionals

## UPCOMING EVENTS

### October Chapter Meeting via Zoom

Friday, October 8 11:00 AM – 12:00 PM

**Topic:** “Embrace Errors Don’t Hide Them”

**Speaker:** Tim Page-Bottorff, CSP, CIT

#### **Description of the topic:**

People are often ashamed to admit they’ve made a mistake—but human error is unavoidable. The reality of the situation is that simple mistakes can often have serious injury outcomes. Should you focus on helping people prevent making errors in the first place or focus on managing errors with sound systems thinking?

Tim will demonstrate how to do both. See why individual, group and systems thinking is needed to effectively prevent injuries and continuously learn from everyday variances in work to avoid serious consequences.
